06 January 2021

Dear Parents / Guardians,

As you may be aware, we have been advised by Government and the Department of Education that all nursery schools should be closed and revert to remote learning from now until after the mid-term break in February.

This is a necessary step to help protect your children, yourselves and our school staff.

The school may remain open to facilitate the children of key workers as defined by Government and vulnerable children, providing supervised care. This facility should only be used as a last resort if no other form of care is available to your child.

If you are a key worker, we would ask that you either contact the school as soon as possible and obtain a Key Worker Application Form or download one from our social media sites. This form should be completed and returned to the school for assessment, again as soon as possible. Only one parent needs to be a key worker to secure a place for your child. We would remind you that if a place is offered to your child it may not be in this nursery but may be in another nursery dependent upon numbers.

We would like to thank you all for your on-going support during this pandemic and remind you that if you do intend calling at the school for a form that you continue to observe all social distancing guidelines whilst on school premises.

Further information, including a copy of the relevant Key Worker Application Form are also on our social media platforms and any further information will also be released on SeeSaw.

I know these are very challenging times, but by working together we can ensure the best possible education and wellbeing support for your children. In the meantime, God bless you all and stay safe.

Kind regards,

Mrs Siobhan McAlea
Acting Principal

Mrs. Siobhan McAlea (B.A, P.Q.C.E.)
